

STERAS

Carnival and Public Celebration - Outdoor Route-Based

Category- and Venue-Specific Information Template

Application Reference	[Assigned by STERAS]
Event Category	Carnival and Public Celebration
Venue Setting	Outdoor Route-Based
Template Version	STERAS-T15-CAR-OR-v1.0

Purpose: Complete this template together with the STERAS Core Event Application. Do not repeat general event, organiser, operational, crowd-management, medical or evacuation information already provided in the Core template. Answer only the additional questions below that arise from this carnival and public celebration category and outdoor route-based venue setting.

Risk focus for this template: moving carnival or celebration activities, floats and mobile attractions, temporary activation stops, food and equipment carried along the route, crowd concentration at viewing points, road and traffic interaction, spectator separation, weather exposure, emergency access and route reopening.

Extraction rule: Type answers only inside the Organiser Response cells. Keep each response in its original field so STERAS can map it reliably to the auto-filled application form.

A. Moving Carnival, Celebration Activities and Participants

Questions in this section capture route-based carnival or celebration activities, moving units, participants and temporary activation stops that are not repeated in the Core template.

Question / Field ID	Organiser Response
T15-A01 / ROUTE_CARNIVAL_TYPE What type of moving carnival or public celebration will take place along the route? <i>Response format: Parade / Float procession / Mobile carnival / Celebration procession / Countdown procession / Promotional carnival convoy / Other</i>	Type: [Select / enter]
T15-A02 / MOVING_ACTIVITY_COUNTS State the number of floats, decorated vehicles, mobile performance units, walking groups and other moving activity units that will form the route-based event. <i>Response format: Whole numbers</i>	Floats: [0] Decorated / support vehicles: [0] Mobile performance units: [0] Walking / marching groups: [0]
T15-A03 / PARTICIPANT_COUNTS_ROUTE State the approximate number of persons travelling within the moving procession, separated into performers/participants, crew/officials and vehicle or float operators. <i>Response format: Whole numbers</i>	Performers / participants: [0] Crew / officials: [0] Drivers / float operators: [0]
T15-A04 / PERSONS_ON_MOVING_UNITS Will any performers, participants, guests or staff ride, stand or perform on moving floats, trailers or vehicles? If Yes, state the approximate number and describe how they will be restrained or protected. <i>Response format: Yes / No + count and protection details if Yes</i>	Persons on moving units: [Yes / No] Approximate number: [0] Protection / restraint controls: [Enter details]
T15-A05 / ROUTE_ACTIVATION_STOPS Will the event stop at designated points for performances, games, food service, prize activities or public interaction? If Yes, state the number and purpose of the planned stops. <i>Response format: Yes / No + number and stop purpose if Yes</i>	Activation stops used: [Yes / No] Number of planned stops: [0] Stop purpose / activities: [Enter details]
T15-A06 / MOBILE_ATTRACTIONS Will any mobile amusement, inflatable, game, interactive or promotional attraction travel with the procession or be deployed temporarily at route stops? If Yes, identify the attraction type and operating arrangement.	Mobile / temporary attractions: [Yes / No] Type: [Select / enter] Operating arrangement: [Enter details]

<i>Response format: Yes / No + type and operating arrangement if Yes</i>	
T15-A07 / CHILD_FOCUSED_ROUTE_ACTIVITIES Will any route activity, float or activation stop be primarily intended for children? If Yes, identify the activity and any supervision, age, guardian or access rules. <i>Response format: Yes / No + activity/rules if Yes</i>	Child-focused activities: [Yes / No] Activity / rules: [Enter details]
T15-A08 / ANIMALS_INVOLVED Will animals form part of the carnival, procession or public celebration? If Yes, identify the animal type, approximate number and handler/control arrangement. <i>Response format: Yes / No + type/count/control if Yes</i>	Animals involved: [Yes / No] Animal type: [Enter details] Approximate number: [0] Handler / control arrangement: [Enter details]
T15-A09 / ROUTE_CROWD_HOTSPOTS Identify the route locations expected to attract the highest spectator concentrations, such as viewing points, performance stops, countdown areas or finish celebrations. <i>Response format: Location + reason + estimated local crowd</i>	Hotspot location: [Enter location] Reason / activity: [Enter details] Estimated people at hotspot: [0]
T15-A10 / SPECIAL_CELEBRATION_EFFECTS Will confetti, balloons, smoke, flame effects, fireworks, pyrotechnics, lasers or other celebration effects be used from moving units or at route stops? If Yes, identify the effects and where they will be operated. <i>Response format: Yes / No + effects/location if Yes</i>	Special effects used: [Yes / No] Effects: [Enter details] Operating location / stop: [Enter location / stop]

B. Floats, Mobile Attractions, Food and Technical Safety

Questions in this section focus on floats and mobile units, equipment securing, temporary attractions at stops, food service, power supply, fire hazards and pre-movement safety checks.

Question / Field ID	Organiser Response
T15-B01 / FLOAT_VEHICLE_DIMENSIONS For floats, trailers or large decorated vehicles, state the maximum overall height, width, length and approximate loaded weight that must be considered along the route. <i>Response format: Measurements / values; enter N/A if not applicable</i>	Maximum height (m): [0.0 / N/A] Maximum width (m): [0.0 / N/A] Maximum length (m): [0.0 / N/A] Approx. loaded weight: [Enter value / N/A]

T15-B02 / EQUIPMENT_SECURED_IN_TRANSIT Describe how decorations, props, sound equipment, generators, games, merchandise and other equipment carried on moving units will be secured against movement, falling or detachment. <i>Response format: Securing method / inspection controls</i>	[Enter response]
T15-B03 / OVERHEAD_CLEARANCE Have overhead route hazards such as bridges, cables, tree branches, signboards, gantries or building projections been checked against the tallest moving unit? <i>Response format: Yes / No + minimum clearance / identified hazards</i>	Clearance checked: [Yes / No] Minimum known clearance: [Enter value / N/A] Identified hazards: [Enter details / None]
T15-B04 / MOBILE_POWER_SOUND_LIGHTING Will moving units or route stops use generators, batteries, amplified sound, lighting or other electrical equipment? If Yes, describe the power arrangement and how equipment will be protected from movement and weather. <i>Response format: Yes / No + power / protection details if Yes</i>	Temporary / mobile power used: [Yes / No] Power source: [Select / enter] Sound / lighting equipment: [Enter details] Movement / weather protection: [Enter details]
T15-B05 / FUEL_STORAGE_ROUTE Will fuel be carried for generators or support vehicles beyond normal vehicle fuel tanks? If Yes, describe the quantity, container/storage method and separation from the public. <i>Response format: Yes / No + quantity/storage/separation if Yes</i>	Additional fuel carried: [Yes / No] Quantity: [Enter value] Storage / separation: [Enter details]
T15-B06 / FOOD_SERVICE_ROUTE Will food or beverages be prepared, sold or distributed from mobile units or at route stops? If Yes, state how food service will operate and how hot surfaces, LPG, electrical appliances and public queues will be controlled. <i>Response format: Yes / No + method and hazard controls if Yes</i>	Food / beverage service: [Yes / No] Operating method: [Select / enter] Cooking / LPG / electrical controls: [Enter details] Queue / serving controls: [Enter details]
T15-B07 / TEMPORARY_STRUCTURES_AT_STOPS Will tents, booths, arches, stages, viewing platforms, barriers or other temporary structures be installed at the start, finish or activation stops? If Yes, identify the structure types and locations. <i>Response format: Yes / No + type/location if Yes</i>	Temporary structures used: [Yes / No] Type / location: [Enter details]
T15-B08 / MOBILE_ATTRACTION_INSPECTION For any mobile amusement, inflatable or interactive attraction, describe the inspection, setup verification and operating-authorisation process before public use at each relevant stop.	Responsible role / operator: [Enter role / N/A] Inspection / setup checks: [Enter details / N/A]

<i>Response format: Enter N/A if no mobile attractions; otherwise responsible role + checks</i>	Authorisation before use: [Enter details / N/A]
T15-B09 / VEHICLE_FLOAT_SEPARATION Describe how moving floats, trailers, carnival vehicles and support vehicles will be separated from walking participants and how safe boarding/alighting will be controlled. <i>Response format: Separation + boarding/alighting controls</i>	[Enter response]
T15-B10 / PRE_MOVEMENT_SAFETY_CHECK Who will carry out the final safety inspection of moving units, attractions, equipment and participant positions before the procession begins, and what will be checked? <i>Response format: Responsible role + timing + checks</i>	Inspection responsible: [Enter role / name] Inspection timing: [Enter timing] Checks performed: [Enter details]
T15-B11 / BREAKDOWN_DISABLED_UNIT What is the procedure if a float, carnival vehicle, mobile attraction or equipment unit becomes disabled, unsafe or obstructs the route? <i>Response format: Isolation / removal / bypass / recovery arrangement</i>	[Enter response]

C. Route, Traffic, Spectator and Outdoor Safety

Questions in this section capture route geometry, road use, traffic control, spectator separation, crowd hotspots, emergency access, weather, low-light operation and route reopening relevant to moving carnivals and public celebrations.

Question / Field ID	Organiser Response
T15-C01 / ROUTE_DISTANCE_CONFIGURATION State the approximate total route distance and describe whether the route is a point-to-point route, loop, repeated circuit or convoy between multiple activation locations. <i>Response format: Distance + route configuration</i>	Total route distance (km): [0.0] Route configuration: [Select / enter]
T15-C02 / START_FINISH_ASSEMBLY Identify the assembly/start area, finish/dispersal area and any major activation or holding points used by the moving carnival or celebration. <i>Response format: Locations</i>	Assembly / start area: [Enter location] Finish / dispersal area: [Enter location] Major holding / activation points: [Enter locations / N/A]
T15-C03 / ROAD_LANE_CONTROL Will the event require full road closure, partial road closure, lane occupation, rolling closure or temporary traffic holding anywhere along the route?	Road / lane control required: [Yes / No] Control type: [Select / enter]

<i>Response format: Yes / No + control type + affected roads</i>	Affected roads / sections: [Enter details]
T15-C04 / TRAFFIC_DIVERSION_ACCESS Describe traffic diversions, resident/business access, public-transport access or temporary vehicle-management arrangements required while the event occupies the route. <i>Response format: Enter N/A if no traffic diversion/access changes</i>	[Enter response]
T15-C05 / INTERSECTION_CROSSING_CONTROL How will intersections, driveways, pedestrian crossings and other conflict points be controlled while floats, vehicles, participants and spectators are present? <i>Response format: Control method + responsible personnel</i>	Control method: [Enter details] Responsible personnel: [Enter role / group]
T15-C06 / ROUTE_CONTROL_POINTS State the number and purpose of checkpoints, marshal posts or route-control points used to manage movement and communicate route conditions. <i>Response format: Whole number + purpose / spacing</i>	Number of route-control points: [0] Purpose / spacing: [Enter details]
T15-C07 / SPECTATOR_SEPARATION How will spectators be separated from moving floats, vehicles, performers, animals and temporary attraction areas along the route? <i>Response format: Barrier / steward line / buffer zone / controlled viewing zone / other</i>	Separation method: [Select / enter] Details: [Enter details]
T15-C08 / HOTSPOT_STOP_CAPACITY How will crowd concentration be controlled at activation stops, viewing hotspots, narrow sections, countdown points and the finish celebration area? <i>Response format: Local capacity / barrier / stewarding / timed activation / restricted access / other</i>	Control method: [Select / enter] Details: [Enter details]
T15-C09 / EMERGENCY_ACCESS_ROUTE Identify emergency-vehicle access or interception points along the route and any sections where direct access may be restricted by crowding, barriers or road geometry. <i>Response format: Locations + restricted sections</i>	Emergency access points: [Enter locations] Restricted-access sections: [Enter details / N/A]
T15-C10 / PROCESSION_COMMUNICATION How will route marshals, float/vehicle operators, attraction teams, security personnel and event control communicate throughout the moving event?	Primary communication: [Select / enter] Fallback communication: [Enter details]

<i>Response format: Radio / phone / messaging / other + fallback</i>	
T15-C11 / MOVEMENT_SPEED_SPACING State the planned maximum movement speed for motorised units and describe how safe spacing between floats, vehicles, walking groups and performance units will be maintained. <i>Response format: Speed + spacing method</i>	Maximum movement speed: [Enter value] Spacing / convoy control: [Enter details]
T15-C12 / WEATHER_MONITORING How will rain, lightning, strong wind and extreme heat be monitored, and who may shorten, divert, pause or stop the moving event? <i>Response format: Monitoring method + decision authority</i>	Weather monitoring method: [Select / enter] Decision authority: [Enter role]
T15-C13 / LOW_LIGHT_VISIBILITY Will any part of the route operate before sunrise, after sunset or in low-light conditions? If Yes, describe lighting and visibility controls for moving units, participants and route staff. <i>Response format: Yes / No + visibility controls if Yes</i>	Low-light route operation: [Yes / No] Visibility controls: [Enter details]
T15-C14 / ROUTE_CLEARANCE_REOPENING Describe how the route will be checked, cleared of temporary equipment/waste and formally released or reopened after the final event unit passes. <i>Response format: Inspection / clearance / reopening method</i>	[Enter response]
T15-C15 / PUBLIC_LAND_DRONE_HIGH_RISK State whether the route uses government land, parks or protected sites; whether drones will be operated; and whether the event is classified as high-risk or large-scale. <i>Response format: Three Yes / No responses + details where applicable</i>	Government / park / protected-site use: [Yes / No] Site / authority: [Enter details] Drone operation: [Yes / No] Drone purpose / operating area: [Enter details] High-risk / large-scale: [Yes / No] Basis / classification: [Enter details]

D. Conditional Supporting Evidence

Do not prepare separate STERAS templates for these documents. Upload the evidence only when the stated condition applies, in addition to the core supporting documents already requested in the Core Event Application.

Document / Reference	When it is required / What to upload
----------------------	--------------------------------------

T15-DOC-01 Route, Checkpoint and Traffic Evidence	Required for this route-based template. Upload a detailed route plan showing the assembly/start, finish/dispersal, activation stops, checkpoints/control points and relevant route features. Where public roads or traffic are affected (T15-C03/T15-C04), also upload the traffic-management plan, road-closure application and diversion plan where required.
T15-DOC-02 Float / Carnival Vehicle Evidence	Required when floats, trailers or other major moving units are used (T15-A02/T15-A04). Upload the float/vehicle list and relevant technical or safety information showing dimensions, loading/occupancy, equipment securing and inspection/certification evidence where applicable.
T15-DOC-03 Amusement / Mobile Attraction Evidence	Required when T15-A06 = Yes. Upload the list and photographs of attractions, relevant equipment certificates, inspection and maintenance records, and operator competency evidence where applicable.
T15-DOC-04 Food and Beverage Vendor Evidence	Required when T15-B06 = Yes. Upload the vendor list, relevant food-premises or trading licences and required food-safety documentation.
T15-DOC-05 Temporary Structure Evidence	Required when T15-B07 = Yes. Upload the relevant temporary-structure permit/approval, structural drawings, installation details and engineer certification where required.
T15-DOC-06 Fireworks / Pyrotechnics Evidence	Required when T15-A10 indicates fireworks or pyrotechnics. Upload the activity declaration, operator appointment, relevant approval or certification, safety-zone plan and insurance where required.
T15-DOC-07 Government / Park / Protected-Site Permission	Required when T15-C15 Government / park / protected-site use = Yes. Upload permission from the relevant land, park, forestry or site authority.
T15-DOC-08 Drone Operation Evidence	Required when T15-C15 Drone operation = Yes. Upload drone-operation approval and flight/operating plan where required.
T15-DOC-09 High-Risk / Large-Scale Event Evidence	Required when T15-C15 High-risk / large-scale = Yes or when requested by the reviewing authority. Upload public-liability insurance, medical-provider agreement, ambulance arrangement and professional security plan.
