Purpose: Complete this template together with the STERAS Core Event Application. Do not repeat general event, organiser, operational, crowd-management, medical or evacuation information already provided in the Core template. Answer only the additional questions below that arise from this cultural, heritage and festival event category and indoor venue setting.

Risk focus for this template: cultural and ceremonial activities, cultural sensitivities, temporary stalls and displays, food preparation, open-flame and fire hazards, indoor visitor concentration and temporary installations.

Extraction rule: Type answers only inside the Organiser Response cells. Keep each response in its original field so STERAS can map it reliably to the auto-filled application form.

### A. Cultural Programme, Participants and Cultural Sensitivities

Questions in this section capture cultural- and heritage-specific activities, participating groups and cultural protocols that are not repeated in the Core template.
