

STERAS

Exhibition, Convention and Promotional Event - Outdoor Route-Based

Category- and Venue-Specific Information Template

Application Reference	[Assigned by STERAS]
Event Category	Exhibition, Convention and Promotional Event
Venue Setting	Outdoor Route-Based
Template Version	STERAS-T12-EXP-OR-v1.0

Purpose: Complete this template together with the STERAS Core Event Application. Do not repeat general event, organiser, operational, crowd-management, medical or evacuation information already provided in the Core template. Answer only the additional questions below that arise from this exhibition, convention and promotional event category and outdoor route-based venue setting.

Risk focus for this template: mobile exhibition or promotional units, repeated setup at route stops, loading and vehicle movement, traffic and pedestrian conflicts, temporary electrical supply, crowd concentration at stopping points, route access and weather exposure.

Extraction rule: Type answers only inside the Organiser Response cells. Keep each response in its original field so STERAS can map it reliably to the auto-filled application form.

A. Mobile Exhibition Format, Route Stops and Activities

Questions in this section capture the moving exhibition or promotional format, stopping points, mobile units, exhibitors and public interactions that are not repeated in the Core template.

Question / Field ID	Organiser Response
T12-A01 / MOBILE_EVENT_FORMAT What type of route-based exhibition, convention or promotional format will be conducted? <i>Response format: Mobile roadshow / Promotional caravan / Travelling exhibition / Tourism showcase / Product demonstration tour / Multi-stop public activation / Other</i>	Type: [Select / enter]
T12-A02 / ROUTE_STOP_COUNT State the total number of planned public stopping points or activation locations along the route. <i>Response format: Whole number</i>	Number of planned stops: [0]
T12-A03 / STOP_ACTIVITY_PATTERN Describe what activities will occur at a typical stopping point and whether the same setup will be repeated at every stop. <i>Response format: 2-5 sentences</i>	[Enter response]
T12-A04 / MOBILE_UNIT_COUNT_TYPE State the number and type of exhibition vehicles, trailers, mobile stages, display units or promotional vehicles travelling between stops. <i>Response format: Whole number + type</i>	Number of mobile units / vehicles: [0] Type(s): [Select / enter]
T12-A05 / EXHIBITOR_STAFF_MOVEMENT State how many exhibitors, demonstrators, promoters and technical crew will travel with the mobile event between stops. <i>Response format: Whole numbers</i>	Exhibitors / demonstrators: [0] Promotional staff: [0] Production / technical crew: [0]
T12-A06 / LIVE_DEMONSTRATIONS_AT_STOPS Will live product demonstrations, testing, sampling, workshops or interactive activities be conducted at one or more route stops? If Yes, identify the activity and stop types where it will occur. <i>Response format: Yes / No + activity/stop details if Yes</i>	Live / interactive demonstrations: [Yes / No] Activity: [Enter details] Stop(s) / location type: [Enter details]
T12-A07 / POWERED_MOVING_DISPLAYS Will vehicles, machinery, robotic equipment, moving displays or powered promotional equipment operate for visitors at any stop? If	Powered / moving equipment used: [Yes / No] Equipment: [Enter details]

Yes, identify the equipment and public interaction. <i>Response format: Yes / No + equipment/interaction if Yes</i>	Visitor interaction: [Enter details]
T12-A08 / PRODUCT_SAMPLING_DISTRIBUTION Will products, samples, food/beverages, gifts or promotional items be distributed at route stops? If Yes, state what will be distributed and whether distribution differs by stop. <i>Response format: Yes / No + item/stop details if Yes</i>	Items distributed: [Yes / No] Items: [Enter details] Stops / differences: [Enter details]
T12-A09 / VISITOR_INTERACTION Will visitors enter, sit in, operate, touch, test or otherwise interact directly with mobile displays, vehicles or demonstration equipment? If Yes, describe the interaction and supervision method. <i>Response format: Yes / No + interaction/supervision details if Yes</i>	Direct visitor interaction: [Yes / No] Interaction / supervision: [Enter details]
T12-A10 / CROWD_ATTRACTION_STOPS Identify any route stop expected to create unusually high visitor concentration because of a launch, celebrity/guest appearance, giveaway, demonstration or signing session. <i>Response format: Stop + attraction + estimated local crowd</i>	Stop / location: [Enter location] Activity / attraction: [Enter details] Estimated people at hotspot: [0]
T12-A11 / STOP_OPERATING_DURATION State the planned operating duration at each stop, including the shortest and longest planned public activation periods. <i>Response format: Minutes / hours</i>	Shortest stop duration: [Enter duration] Longest stop duration: [Enter duration]
T12-A12 / MOBILE_TEAM_BRIEFING Will drivers, exhibitors, promoters and technical crew receive a route-specific briefing covering stop setup, traffic interface, public separation, equipment securing, weather actions and emergency procedures? <i>Response format: Yes / No + timing if Yes</i>	Route-specific briefing: [Yes / No] Briefing timing: [Enter timing]

B. Mobile Unit, Setup, Electrical and Demonstration Safety

Questions in this section focus on exhibition vehicles/mobile units, repeated setup and dismantling, temporary structures, equipment securing, electrical supply and hazardous demonstrations at route stops.

Question / Field ID	Organiser Response
T12-B01 / MOBILE_UNIT_CONFIGURATION Describe how exhibition vehicles, trailers, mobile stages or display units are configured for travel and public operation at stops.	[Enter response]

<i>Response format: 1-4 sentences</i>	
T12-B02 / EQUIPMENT_SECURED_FOR_TRAVEL How will displays, signs, stock, AV equipment, furniture and demonstration equipment be secured before each movement between stops? <i>Response format: 2-5 sentences</i>	[Enter response]
T12-B03 / DEPLOYABLE_STRUCTURES Will awnings, tents, canopies, stages, ramps, counters, banners, signs or other structures be deployed from or around mobile units at stops? If Yes, identify the structures and setup method. <i>Response format: Yes / No + structure/setup details if Yes</i>	Deployable / temporary structures: [Yes / No] Structures: [Enter details] Setup / stability method: [Enter details]
T12-B04 / REPEATED_SETUP_INSPECTION Who will inspect mobile units, deployable structures, displays and public interaction areas after setup at each stop before visitors are admitted? <i>Response format: Responsible role + checks</i>	Inspection responsible: [Enter role / name] Checks performed: [Enter details]
T12-B05 / ELECTRICAL_POWER_AT_STOPS What electrical supply will be used at route stops for displays, AV systems and demonstrations? <i>Response format: Vehicle supply / Generator / Battery / Mains connection / Mixed / Other</i>	Electrical supply: [Select / enter] Estimated significant load: [Enter value / details]
T12-B06 / GENERATORS_FUEL Will generators, fuel tanks or fuel-powered equipment travel with or operate beside the mobile event? If Yes, state the fuel type, operating location and refuelling controls. <i>Response format: Yes / No + fuel/location/control details if Yes</i>	Generator / fuel equipment used: [Yes / No] Fuel type: [Select / enter] Operating location: [Enter location / details] Refuelling / separation controls: [Enter details]
T12-B07 / CABLE_PUBLIC_PROTECTION How will temporary power, data and AV cables be routed and protected from visitors, vehicles, rain, standing water and repeated setup/removal at stops? <i>Response format: Cable routing + physical/weather protection</i>	Routing / protection method: [Enter details]
T12-B08 / HEAVY_DISPLAY_LOADING Will heavy displays, machinery, vehicles, sculptures or equipment be unloaded or positioned at route stops? If Yes, describe the lifting/movement method and public exclusion controls.	Heavy items handled: [Yes / No] Items / movement method: [Enter details]

<i>Response format: Yes / No + movement/exclusion details if Yes</i>	Public exclusion controls: [Enter details]
T12-B09 / DEMO_HAZARD_OUTPUTS Will any demonstration at route stops generate heat, flame, sparks, fumes, smoke, high noise, pressurised discharge, dust or similar hazards? If Yes, identify the hazard and local safety zone. <i>Response format: Yes / No + hazard/safety-zone details if Yes</i>	Hazardous demo output: [Yes / No] Hazard type: [Select / enter] Safety zone / controls: [Enter details]
T12-B10 / SPECIAL_EFFECTS Will fireworks, pyrotechnics, flame effects, smoke effects, lasers or other special effects be used at any route stop? If Yes, identify the effect, stop/location and control method. <i>Response format: Yes / No + effect/location/control details if Yes</i>	Special effects used: [Yes / No] Effects: [Enter details] Stop / location: [Enter location] Controls: [Enter details]
T12-B11 / FOOD_BEVERAGE_AT_STOPS Will food or beverages be prepared, heated, sampled or served from mobile units or temporary setups at route stops, including use of LPG, charcoal, open flame or hot equipment? <i>Response format: Yes / No + method/location if Yes</i>	Food / beverage service: [Yes / No] Method / heat source: [Select / enter] Service arrangement: [Enter details]
T12-B12 / MOBILE_UNIT_SHUTDOWN Describe how powered displays, AV systems, demonstrations or mobile equipment can be isolated or stopped if a malfunction, unsafe condition or severe weather occurs. <i>Response format: 2-5 sentences</i>	[Enter response]
T12-B13 / DEPARTURE_CHECK What checks must be completed before each mobile unit leaves a stop and re-enters public roads? <i>Response format: Equipment secured / structures retracted / persons accounted / route clear / vehicle check / other</i>	Departure checks: [Enter details]

C. Route, Traffic, Visitor and Operational Interfaces

Questions in this section capture route-specific road use, traffic and pedestrian conflicts, crowd concentration at stops, emergency access, route communication, weather actions and public-site permissions.

Question / Field ID	Organiser Response
T12-C01 / ROUTE_DISTANCE_START_FINISH State the total route distance and identify the start and finish points for the mobile exhibition or promotional event.	Total route distance (km): [0.0] Start point: [Enter location]

<i>Response format: Distance + start + finish</i>	Finish point: [Enter location]
T12-C02 / STOP_LOCATIONS List the planned route stops or activation locations in operating order. <i>Response format: Ordered stop list</i>	[Enter response]
T12-C03 / ROAD_LANE_CONTROL Will the event require full road closure, partial road closure, lane occupation, curbside occupation or temporary traffic holding at any point? <i>Response format: Yes / No + control type + affected roads</i>	Road / lane control required: [Yes / No] Control type: [Select / enter] Affected roads / sections: [Enter details]
T12-C04 / TRAFFIC_DIVERSION Describe any traffic diversion, temporary traffic arrangement, loading restriction or access-maintenance measure required along the route or at stops. <i>Response format: Enter N/A if none</i>	[Enter response]
T12-C05 / MOBILE_CONVOY_CONTROL If multiple event vehicles travel together, describe convoy order, spacing, lead/rear vehicles, communication and procedure if units become separated. <i>Response format: Enter N/A if a single mobile unit</i>	[Enter response]
T12-C06 / STOP_LOADING_PUBLIC_SEPARATION How will parking, deployment, loading/unloading and setup of mobile units at each stop be separated from pedestrians, visitors and normal vehicle traffic? <i>Response format: 2-5 sentences</i>	[Enter response]
T12-C07 / CHECKPOINTS_ROUTE_STAFF State the number and purpose of route-control points, marshals, traffic staff or stop coordinators used to manage movement and public interaction. <i>Response format: Whole number + purpose</i>	Number of route / stop control points: [0] Purpose / staffing: [Enter details]
T12-C08 / VISITOR_STOP_CROWD_CONTROL How will visitor queues and crowd concentration be controlled at route stops, particularly at the high-attraction stops identified in T12-A10? <i>Response format: Queue lanes / barriers / timed access / stewarding / local capacity / other</i>	Control method: [Select / enter] Details: [Enter details]

T12-C09 / PEDESTRIAN_CROSSINGS_CONFLICTS How will pedestrian crossings, driveways, junctions and other conflict points be controlled when mobile units arrive, depart or operate at stops? <i>Response format: Control method + responsible personnel</i>	Conflict-control method: [Enter details] Responsible personnel: [Enter role / group]
T12-C10 / EMERGENCY_ROUTE_ACCESS Identify emergency-vehicle access or interception points along the route and any route/stop locations where emergency access could be restricted. <i>Response format: Locations + restricted sections</i>	Emergency access points: [Enter locations] Restricted-access areas: [Enter details / N/A]
T12-C11 / ROUTE_COMMUNICATION How will drivers, stop coordinators, exhibitors, traffic staff, security teams and event control communicate while the mobile event is travelling and operating at stops? <i>Response format: Radio / phone / messaging system / other + fallback</i>	Primary communication: [Select / enter] Fallback communication: [Enter details]
T12-C12 / WEATHER_MONITORING How will rain, lightning, strong wind and extreme heat be monitored, and who has authority to delay travel, skip a stop, suspend setup or close an activation? <i>Response format: Monitoring method + decision authority</i>	Weather monitoring method: [Select / enter] Decision authority: [Enter role]
T12-C13 / LOW_LIGHT_ROUTE_OPERATION Will any travel, setup, dismantling or public activation occur before sunrise, after sunset or in low-light conditions? If Yes, describe vehicle, work-area and visitor visibility controls. <i>Response format: Yes / No + visibility controls if Yes</i>	Low-light operation: [Yes / No] Visibility controls: [Enter details]
T12-C14 / PUBLIC_SITE_PERMISSIONS Will any stop use government land, a public park, public square, protected/heritage area or another site requiring separate permission from a public authority? <i>Response format: Yes / No + stop/site/authority if Yes</i>	Public / protected site used: [Yes / No] Stop / site / relevant authority: [Enter details]
T12-C15 / DRONE_HIGH_RISK State whether drones will be operated and whether the route-based event has been classified as large-scale, high-crowd or otherwise high-risk. <i>Response format: Two Yes / No responses + details where applicable</i>	Drone operation: [Yes / No] Drone purpose / operating area: [Enter details] Classified high-risk / large-scale: [Yes / No] Basis / classification: [Enter details]

D. Conditional Supporting Evidence

Do not prepare separate STERAS templates for these documents. Upload the evidence only when the stated condition applies, in addition to the core supporting documents already requested in the Core Event Application.

Document / Reference	When it is required / What to upload
T12-DOC-01 Route, Stop and Traffic Evidence	Required for this route-based template. Upload a detailed route plan showing the start/finish, all planned activation stops, route-control points and relevant access features. Where public roads or traffic are affected (T12-C03/T12-C04), also upload the traffic-management plan, road-closure/restriction application and diversion plan where required.
T12-DOC-02 Mobile Unit / Vehicle Evidence	Required where exhibition vehicles, trailers, mobile stages or special promotional vehicles are used. Upload the mobile-unit/vehicle list and relevant technical, inspection, loading or operating evidence where requested by the reviewing authority.
T12-DOC-03 Temporary Structure Evidence	Required when T12-B03 = Yes and temporary/deployable structures require approval. Upload the relevant temporary-structure permit/approval, structural drawings, installation details and engineer certification where required.
T12-DOC-04 Food and Beverage Vendor Evidence	Required when T12-B11 = Yes and food/beverage vendors are involved. Upload the vendor list, relevant food-premises/trading licences and required food-safety documentation.
T12-DOC-05 Pyrotechnics / Special Effects Evidence	Required when T12-B10 = Yes for fireworks or pyrotechnics. Upload the activity declaration, operator appointment, relevant approval/certification, safety-zone plan and insurance.
T12-DOC-06 Public / Government / Protected-Site Permission	Required when T12-C14 = Yes. Upload permission from the relevant land, park, heritage, recreation, forestry or site authority for the affected stops.
T12-DOC-07 Drone Operation Evidence	Required when T12-C15 Drone operation = Yes and regulatory approval is required. Upload the relevant drone-operation approval and flight/operation plan.
T12-DOC-08 Ticketing Evidence	Required when the Core Event Application states that any route stop or viewing zone is ticketed. Upload ticketing information, ticket sample and applicable state entertainment-duty documentation where required.
T12-DOC-09 High-Risk / Large-Scale Event Evidence	Required when T12-C15 High-risk / large-scale = Yes or when requested by the reviewing authority. Upload public-liability insurance, medical-provider agreement, ambulance arrangement and professional security plan.
