## Entertainment and Performance Event - Indoor

### Category- and Venue-Specific Information Template

|                              |                                     |
|------------------------------|-------------------------------------|
| <b>Application Reference</b> | [Assigned by STERAS]                |
| <b>Event Category</b>        | Entertainment and Performance Event |
| <b>Venue Setting</b>         | Indoor                              |
| <b>Template Version</b>      | STERAS-T01-ENT-IN-v2.0              |

Purpose: Complete this template together with the STERAS Core Event Application. Do not repeat general event, organiser, operational, crowd-management, medical or evacuation information already provided in the Core template. Answer only the additional questions below that arise from this event category and indoor venue setting.

Risk focus for this template: audience congestion near performance areas, stage and production safety, sound/lighting/rigging systems, electrical hazards, restricted backstage access, indoor occupancy and emergency egress.

Extraction rule: Type answers only inside the Organiser Response cells. Keep each response in its original field so STERAS can map it reliably to the auto-filled application form.

## A. Performance Format and Personnel

Questions in this section describe the performance itself, the people involved and how the audience interacts with the performance area.

| Question / Field ID                                                                                                                                                                                                          | Organiser Response                                                                                                |

| <p><b>T01-A10 / LOAD_REHEARSAL_SCHEDULE</b></p> <p>State the planned load-in, rehearsal/soundcheck and load-out periods.</p> <p><i>Response format: Date and time for each period</i></p>                                                                                       | <p><b>Load-in:</b> [YYYY-MM-DD HH:MM]</p> <p><b>Rehearsal / soundcheck:</b> [YYYY-MM-DD HH:MM]</p> <p><b>Load-out:</b> [YYYY-MM-DD HH:MM]</p> |
| <p><b>T01-A11 / SCENERY_PROPS_MACHINERY</b></p> <p>Will scenery, large props, moving stage equipment, fashion-runway structures or similar production elements be used? If Yes, describe the elements and controls.</p> <p><i>Response format: Yes / No + brief details</i></p> | <p><b>Used:</b> [Yes / No]</p> <p><b>Details / controls:</b> [Enter details]</p>                                                              |

## B. Stage, Technical and Production Safety

Questions in this section focus on the technical systems that are characteristic of indoor entertainment and performance events.

| Question / Field ID                                                                                                                                                                                                                                   | Organiser Response                      |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------|
| <b>T01-B01 / SOUND_PA_SYSTEM</b><br><br>Describe the sound/PA system and identify who is responsible for operating it.<br><br><i>Response format: 1-4 sentences</i>                                                                                   | [Enter response]                        |
| <b>T01-B02 / LIGHTING_RIGGING</b><br><br>Describe lighting, truss, rigging and any equipment suspended above the stage, runway or audience areas.<br><br><i>Response format: 1-5 sentences</i>                                                        | [Enter response]                        |
| <b>T01-B03 / ELECTRICAL_DISTRIBUTION</b><br><br>Describe how production equipment will receive electrical power, including temporary distribution boards, extension cabling or additional power sources.<br><br><i>Response format: 1-5 sentences</i> | [Enter response]                        |
| <b>T01-B04 / BACKUP_POWER</b><br><br>What backup power arrangement is provided for critical production, communication or safety equipment if normal power fails?<br><br><i>Response format: 1-4 sentences</i>                                         | [Enter response]                        |
| <b>T01-B05 / CABLE_TRIP_CONTROL</b><br><br>How will power, audio, lighting and communication cables be routed or protected to prevent trip hazards and blocked exit paths?<br><br><i>Response format: 1-4 sentences</i>                               | [Enter details]                         |
| <b>T01-B06 / SPECIAL_EFFECTS</b><br><br>Will smoke/haze, lasers, flame effects, fireworks/pyrotechnics, confetti                                                                                                                                      | <b>Special effects used:</b> [Yes / No] |

|                                                                                                                                                                                                                                                            |                                        |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------|
| <p>or other special effects be used?</p> <p><i>Response format: Yes / No + list all effects if Yes</i></p>                                                                                                                                                 | <p><b>Effects:</b> [Enter details]</p> |
| <p><b>T01-B07 / TECHNICAL_INSPECTION</b></p> <p>Who will inspect or verify the stage, rigging, lighting, sound and electrical equipment before the venue opens to the public?</p> <p><i>Response format: Name/role + inspection or sign-off method</i></p> | <p>[Enter response]</p>                |
| <p><b>T01-B08 / EQUIPMENT_FAILURE_RESPONSE</b></p> <p>What will the production team do if critical stage, lighting, sound, rigging or electrical equipment fails during the event?</p> <p><i>Response format: 1-4 sentences</i></p>                        | <p>[Enter response]</p>                |

## C. Indoor Venue and Audience Safety

Questions in this section capture indoor-specific occupancy, egress and audience-control information that is not repeated in the Core template.

| Question / Field ID                                                                                                                                                                                       | Organiser Response                         |
|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------|
| <p><b>T01-C01 / INDOOR_VENUE_TYPE</b></p> <p>What type of indoor venue will be used for the performance?</p> <p><i>Response format: Hall / Convention centre / Enclosed stadium / Theatre / Other</i></p> | <p><b>Venue type:</b> [Select / enter]</p> |
| <p><b>T01-C02 / APPROVED_CAPACITY</b></p> <p>What is the approved maximum occupancy of the indoor venue or the specific event area being used?</p> <p><i>Response format: Whole number</i></p>            | <p><b>Approved capacity:</b> [0]</p>       |
| <p><b>T01-C03 / OCCUPIED_AREAS</b></p> <p>Which halls, floors, seating blocks, balconies, backstage zones or internal areas will be occupied by the event?</p>                                            | <p>[Enter response]</p>                    |

|                                                                                                                                                                                                                                                                     |                                                                                                                              |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------|
| <p><i>Response format: Short list</i></p>                                                                                                                                                                                                                           |                                                                                                                              |
| <p><b>T01-C04 / PUBLIC_ENTRANCES</b></p> <p>How many public entrances will operate for this event, and where are they located?</p> <p><i>Response format: Whole number + locations</i></p>                                                                          | <p><b>Number of entrances:</b> [0]</p> <p><b>Locations:</b> [Enter details]</p>                                              |
| <p><b>T01-C05 / EMERGENCY_EXITS</b></p> <p>How many emergency exits serve the occupied event area, where are they located, and how will the organiser ensure they remain unobstructed?</p> <p><i>Response format: Whole number + locations + control method</i></p> | <p><b>Number of exits:</b> [0]</p> <p><b>Locations:</b> [Enter details]</p> <p><b>Clearance control:</b> [Enter details]</p> |
| <p><b>T01-C06 / AISLE_EGRESS_CONTROL</b></p> <p>How will aisles, corridors, stairways and exit paths be kept clear while equipment, queues and audiences are present?</p> <p><i>Response format: 1-4 sentences</i></p>                                              | <p>[Enter details]</p>                                                                                                       |
| <p><b>T01-C07 / STANDING_ZONE_LIMIT</b></p> <p>If standing/pit areas are used, what capacity limit will apply to each area and how will that limit be monitored?</p> <p><i>Response format: Enter N/A if no standing area</i></p>                                   | <p>[Enter response]</p>                                                                                                      |
| <p><b>T01-C08 / ENTRY_SCREENING</b></p> <p>What indoor entry-screening or prohibited-item controls will be used specifically for the performance?</p> <p><i>Response format: 1-4 sentences</i></p>                                                                  | <p>[Enter response]</p>                                                                                                      |
| <p><b>T01-C09 / ACCESSIBLE_AUDIENCE</b></p> <p>What accessible seating, viewing and assisted-evacuation arrangements are available for persons with disabilities or reduced mobility?</p> <p><i>Response format: 1-5 sentences</i></p>                              | <p>[Enter response]</p>                                                                                                      |

|                                                                                                                                                                                                                                                                        |                                                                                                         |

## D. Conditional Supporting Evidence

Do not prepare separate STERAS templates for these documents. Upload the evidence only when the stated condition applies, in addition to the core supporting documents already requested in the Core Event Application.

| Document / Reference                                          | When it is required / What to upload                                                                                                                                                                            |
|---------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>T01-DOC-01</b><br>Foreign Performer Evidence               | Required when T01-A04 = Yes. Upload PUSPAL approval and relevant immigration or professional-visit documents, where applicable.                                                                                 |
| <b>T01-DOC-02</b><br>Pyrotechnics / Special-Effects Evidence  | Required when T01-B06 includes fireworks, pyrotechnics or flame effects. Upload the activity declaration, operator appointment, relevant approval/certification, safety-zone plan and insurance.                |
| <b>T01-DOC-03</b><br>Indoor Capacity and Fire-Safety Evidence | Required for a large indoor/high-crowd event or when requested by the reviewing authority. Upload the venue-capacity document, fire-safety plan, emergency-exit plan and Bomba support/approval where required. |
| <b>T01-DOC-04</b><br>Temporary Structure Evidence             | Required when T01-C13 = Yes. Upload temporary-structure permit or relevant approval, structural drawings, installation details and engineer certification where required.                                       |
| <b>T01-DOC-05</b><br>Food and Beverage Vendor Evidence        | Required when T01-C14 = Yes and vendors are involved. Upload vendor list, relevant food-premises/trading licences and required food-safety documentation.                                                       |

|                                                             |                                                                                                                                                                                                |
|-------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>T01-DOC-06</b><br>Alcohol Sale / Service Approval        | Required when T01-C15 = Yes. Upload the relevant liquor licence or temporary sale approval where required.                                                                                     |
| <b>T01-DOC-07</b><br>Drone Operation Evidence               | Required when T01-C16 = Yes. Upload drone-operation approval and flight plan where required.                                                                                                   |
| <b>T01-DOC-08</b><br>High-Risk / Large-Scale Event Evidence | Required when T01-C17 = Yes or when requested by the reviewing authority. Upload public-liability insurance, medical-provider agreement, ambulance arrangement and professional security plan. |
| <b>T01-DOC-09</b><br>Ticketing Evidence                     | Required when the Core Event Application identifies the event as ticketed. Upload ticketing information, a ticket sample and applicable state entertainment-duty documentation.                |
