

STERAS

Sports and Recreational Event - Indoor

Category- and Venue-Specific Information Template

Application Reference	[Assigned by STERAS]
Event Category	Sports and Recreational Event
Venue Setting	Indoor
Template Version	STERAS-T04-SPT-IN-v1.0

Purpose: Complete this template together with the STERAS Core Event Application. Do not repeat general event, organiser, operational, crowd-management, medical or evacuation information already provided in the Core template. Answer only the additional questions below that arise from this sports and recreational event category and indoor venue setting.

Risk focus for this template: participant injuries, competition and playing-area safety, sports equipment and apparatus, participant-spectator separation, indoor environmental conditions and sport-specific injury response.

Extraction rule: Type answers only inside the Organiser Response cells. Keep each response in its original field so STERAS can map it reliably to the auto-filled application form.

A. Sport Format and Participants

Questions in this section capture sport-specific participation, competition format and supervision details that are not repeated in the Core template.

Question / Field ID	Organiser Response
T04-A01 / SPORT_ACTIVITY_TYPE What type of sport or recreational activity will be conducted? <i>Response format: Indoor team/court sport / Racket sport / Combat sport / Gymnastics or fitness / Aquatic sport / Other</i>	Type: [Select / enter]
T04-A02 / COMPETITION_FORMAT Describe the competition or participation format used for the event. <i>Response format: Tournament / Exhibition / Recreational session / League or round-robin / Knockout / Other + short details</i>	Format: [Select / enter] Details: [Enter details]
T04-A03 / PARTICIPANT_DIVISIONS State the participant divisions or categories that will take part, such as age group, weight class, skill level or competition division. <i>Response format: Short list; enter N/A if no divisions are used</i>	[Enter response]
T04-A04 / ACTIVE_PARTICIPANTS What is the maximum number of participants who may be actively competing or performing the sport at the same time, and across how many activity areas? <i>Response format: Whole numbers</i>	Maximum active participants: [0] Number of activity areas: [0]
T04-A05 / CONTACT_COLLISION Does the sport involve intentional physical contact, collision, sparring or another activity with a material impact risk? If Yes, describe the type of contact. <i>Response format: Yes / No + details if Yes</i>	Contact / collision involved: [Yes / No] Details: [Enter details]
T04-A06 / PARTICIPANT_SAFETY_BRIEFING Will participants receive a sport-specific safety briefing before taking part? If Yes, describe when and how it will be delivered. <i>Response format: Yes / No + briefing method</i>	Safety briefing provided: [Yes / No] Briefing method / timing: [Enter details]
T04-A07 / WARMUP_RECOVERY_AREAS Identify the designated warm-up and recovery/cool-down areas for participants. <i>Response format: Location or area name for each</i>	Warm-up area: [Enter location] Recovery / cool-down area: [Enter location]

T04-A08 / MINOR_PARTICIPANTS Will any participants be minors? If Yes, describe the supervision, guardian or team-management arrangements that apply to them while participating. <i>Response format: Yes / No + arrangements if Yes</i>	Minors participating: [Yes / No] Supervision arrangements: [Enter details]
T04-A09 / SPORT_OFFICIALS How many referees, judges, umpires, marshals or other sport officials will supervise active competition, and which role has authority to stop play for an unsafe condition? <i>Response format: Whole number + role</i>	Sport officials: [0] Safety-stop authority: [Enter role]
T04-A10 / FORESEEABLE_INJURY_HAZARDS Identify the main sport-specific injury hazards reasonably foreseeable during this event. <i>Response format: Short list or 2-5 sentences</i>	[Enter response]

B. Playing Area, Equipment and Injury Prevention

Questions in this section focus on playing surfaces, sports equipment and controls used to reduce participant injury during the event.

Question / Field ID	Organiser Response
T04-B01 / PLAYING_AREA Describe each court, field, ring, mat, lane, pool or other playing/activity area that will be used. <i>Response format: For each area: type, quantity, approximate dimensions and surface type</i>	Number of activity areas: [0] Surface / area type: [Select / enter] Dimensions / details: [Enter details]
T04-B02 / SURFACE_INSPECTION How will the playing surface or activity area be inspected for wet floors, uneven surfaces, loose items or other hazards before and during use? <i>Response format: Responsible role + inspection method</i>	Inspection responsible: [Enter role / name] Inspection method: [Enter details]
T04-B03 / SPORTS_EQUIPMENT Describe the main sports equipment or apparatus used during the event and any hazards associated with it. <i>Response format: Short list + relevant hazards</i>	[Enter response]

T04-B04 / EQUIPMENT_INSPECTION Will sports equipment and apparatus be inspected before use? If Yes, state who is responsible and when the inspection occurs. <i>Response format: Yes / No + responsible role + timing</i>	Equipment inspected: [Yes / No] Responsible person / role: [Enter role / name] Inspection timing: [Enter timing]
T04-B05 / PROTECTIVE_EQUIPMENT Is personal protective equipment mandatory for any activity? If Yes, identify the required equipment and how compliance will be checked. <i>Response format: Yes / No + equipment and check method</i>	Protective equipment required: [Yes / No] Required equipment / checks: [Enter details]
T04-B06 / FIXED_MOVABLE_APPARATUS Will goals, posts, nets, rings, barriers, weights, gymnastics apparatus or other fixed/movable sports equipment be used? If Yes, describe how it will be positioned, stabilised or secured. <i>Response format: Yes / No + securing method</i>	Apparatus used: [Yes / No] Positioning / securing method: [Enter details]
T04-B07 / STOP_PLAY_RESTART Who may stop the sporting activity when an injury or unsafe condition occurs, and what must happen before play is allowed to restart? <i>Response format: Role + restart criteria</i>	Person / role authorised to stop play: [Enter role] Restart criteria: [Enter details]
T04-B08 / INJURED_PARTICIPANT_REMOVAL Describe how an injured participant can be safely removed from the playing area without creating additional hazards or obstructing other activity areas. <i>Response format: 2-5 sentences + access path/location</i>	Removal method: [Enter details] Access path / location: [Enter details]

C. Indoor Sports Venue and Spectator Safety

Questions in this section capture indoor-specific playing-zone, spectator-separation and environmental conditions relevant to sports and recreational events.

Question / Field ID	Organiser Response
T04-C01 / INDOOR_SPORT_VENUE_TYPE What type of indoor venue or facility will be used for the sports/recreational event? <i>Response format: Sports hall / Arena / Gymnasium / Indoor court / Aquatic centre / Other</i>	Venue type: [Select / enter]

T04-C02 / ACTIVITY_ZONE_LAYOUT Describe how the courts, rings, mats, lanes, warm-up areas and other sports activity zones are arranged within the indoor venue. <i>Response format: Short description or list</i>	[Enter response]
T04-C03 / PARTICIPANT_SPECTATOR_SEPARATION How will active participants and sports officials be separated from spectators around the playing or competition areas? <i>Response format: Barriers / controlled access / designated zones / other</i>	Separation method: [Select / enter] Details: [Enter details]
T04-C04 / SAFETY_BUFFER What safety run-off, clearance or buffer space will be maintained around each playing/activity area? <i>Response format: Distance or descriptive clearance for each relevant area</i>	Safety buffer / clearance: [Enter distance / details]
T04-C05 / PROJECTILE_CONTAINMENT Can balls, shuttlecocks, equipment or other projectiles leave the playing area and reach spectators or circulation paths? If Yes, describe the containment controls. <i>Response format: Yes / No + netting/barrier/control details if Yes</i>	Projectile risk present: [Yes / No] Containment controls: [Enter details]
T04-C06 / EQUIPMENT_STORAGE Where will unused sports equipment, team bags and movable apparatus be stored so that they do not obstruct playing areas, aisles or exits? <i>Response format: Storage location + control method</i>	Storage location: [Enter location] Control method: [Enter details]
T04-C07 / SPORT_LIGHTING Describe the lighting arrangement for active sports areas, including how glare, shadows or inadequate visibility will be prevented during competition. <i>Response format: 1-4 sentences</i>	[Enter response]
T04-C08 / VENTILATION_HEAT How will indoor ventilation, air-conditioning and heat buildup from physical activity and spectators be managed during peak periods? <i>Response format: 1-4 sentences</i>	[Enter response]
T04-C09 / CHANGING_AREA_ACCESS Will changing rooms, locker rooms or participant-only preparation areas be used? If Yes, describe how access will be controlled. <i>Response format: Yes / No + access controls if Yes</i>	Changing / locker areas used: [Yes / No] Access controls: [Enter details]

T04-C10 / WATER_BASED_ACTIVITY Does the event include an indoor swimming, diving or other water-based activity? If Yes, identify the pool/water area and describe the activity. <i>Response format: Yes / No + area/activity if Yes</i>	Water-based activity: [Yes / No] Pool / water area and activity: [Enter details]
T04-C11 / TEMPORARY_STRUCTURES Will temporary spectator stands, platforms, podiums, partitions, sports flooring, trusses or similar structures be installed inside the venue? <i>Response format: Yes / No + describe if Yes</i>	Temporary structures: [Yes / No] Details: [Enter details]
T04-C12 / FOOD_BEVERAGE_INSIDE Will food or beverage vendors operate inside the sports venue? If Yes, state where they will be positioned relative to sports and spectator areas. <i>Response format: Yes / No + location/arrangement</i>	Food / beverage vendors: [Yes / No] Location / arrangement: [Enter details]
T04-C13 / LARGE_HIGH_RISK Has the venue, organiser or reviewing authority classified the sports event as large-scale, high-crowd or otherwise high-risk? <i>Response format: Yes / No + basis if Yes</i>	Classified high-risk / large-scale: [Yes / No] Basis / classification: [Enter details]

D. Conditional Supporting Evidence

Do not prepare separate STERAS templates for these documents. Upload the evidence only when the stated condition applies, in addition to the core supporting documents already requested in the Core Event Application.

Document / Reference	When it is required / What to upload
T04-DOC-01 Indoor Capacity and Fire-Safety Evidence	Required when T04-C13 = Yes, when the event is high-crowd, or when requested by the reviewing authority. Upload the venue-capacity document, fire-safety plan, emergency-exit plan and Bomba support/approval where required.
T04-DOC-02 Temporary Structure Evidence	Required when T04-C11 = Yes. Upload the relevant temporary-structure permit/approval, structural drawings, installation details and engineer certification where required.
T04-DOC-03 Water-Based Activity Evidence	Required when T04-C10 = Yes. Upload the water-safety plan, rescue arrangement, participant equipment list and operator certification where applicable.

T04-DOC-04 Food and Beverage Vendor Evidence	Required when T04-C12 = Yes and vendors are involved. Upload the vendor list, relevant food-premises/trading licences and required food-safety documentation.
T04-DOC-05 High-Risk / Large-Scale Event Evidence	Required when T04-C13 = Yes or when requested by the reviewing authority. Upload public-liability insurance, medical-provider agreement, ambulance arrangement and professional security plan.
